We find the above paragraph in the St. Loui Republican of December 30th. It is in direct conflict with the statements made by Mr. A. HYATT SMITH, President of the R R. Valley Rail Road, in relation to Mr. WALKER'S success in England. We understand that gentleman to aver that the loan for the Central Rail-road has been taken by the Rothschilds. So, at least, our contemporaries at Janesville, Madison &c. report him as saying. As Mr. Smith himself went to England on the business, and was there in company with Mr Walker, it is reasonable to presume that he knew all about the transaction and speaks, as to the result, of his own knowledge. Nevertheless the Chicago papers, as well as those at St. Louis, dis-trust the story. Time must solve the doubt.

Held at "THE HOME," Dec. 31st, 1851.

The Exertsion Society of Milwaukee hel heir Sixth Anniversary at "the Home," on New Year's Eve. Invitations had been extended to the Lt. Governor elect, Hon. T. Burns, to the present and first Mayors of the City, Col. WALKER, and Solomon Jeneau, to the Judges of the Su-preme Court, and to other distinguished gentlemen. The Feast was prepared by Mr. Bellers, the proprietor of "the Home," justly celebrated the best Restaurant in the West. The bill of fare included all the luxuries of the season and of this market, now as abundantly supplied with ev-ery article that the epicure could desire, as that of my Western State.

The company began to assemble at 8 o'clock, and at a quarter before 9 they were summoned to supper. The entertainment was served in the long room in the second story of "the Home," there being ample space for sixty or seventy guests. The tables were set with great taste and degance, and furnished forthwith a superabundnce of creature comforts.

LEVI BLOSSOY, President of the Society, occupied the post of honor, with Mayor WALKER and Lt. Governor Bunns on his right and left hand -He was assisted in the discharge of his duties by he 1st and 2nd Vice Presidents, Lucas Shaven and M. H. Orton, Esq.

A good hour was consumed in the prosaic but agreeable task of discussing the substantial bill of fare provided by mine host of "The Home."— When this duty had been faithfully discharged, the cloth removed and the dessert served, the President announced that the Society was ready for business. Whereupon the ball was opened by the reading of the following regular toasts, by the Chairman of the Committee of Arrangements, Gen.

I rejoice that you forget not "the assembling of yourselves together." These recurring Festivals strengthen the ties that write us as the rendering children of a common parent. He said that when he looked around upon that espectable, talented, and good-natured as-emblage, he thought that he would much rather e silent, and hear some of the rest speak. But hey had placed the duty upon him to commence, and he would do so as well as he could. He would not attempt to say all the good things, for he couldn't. However prosperou may be our present fortunes, or however elegant our new abodes, yet all good, and all kindness and all that is grateful and pleasant, seems contered in the homes of our father and mother. His early history, he said, was a matter of very little account. But fourteen years ago he came to Wiscensia. Many had followed his example, causing a continued stream of emigration, of which he thought he should never see the end, but had come here now to find it, if possible.

He had landed on these shores, as he said, four teen years ago, to see if it would do for a location-He unanimously concluded that it would not, and started further West, even if he fored worse. We feat that the friends of this road are not sufficiently active. The bill introduced by Mr. Warken, asking a grant of land in aid of the work, should be pressed upon the attention of congress in the sh. et of petitions setting forth its advantages in a proper light. Our government has shown a disposition latterly to encourage such projects by the grant of lands; and among the many now mooted, and which will or have already asked for such encouragement, we believe that none possesses more real merits than the Milwaukee, Watertown, Fort Winnebago and La Crosse railread.

Let us look at a lact or two. The large immigration from the old world, for a few years past, has done much to people the states of Michigan, Illinois, Wisconsin and Iowa. The influx promises ather to increase than to diminish for some years to come. If it continue for ten years to be no larger than it has been for ten years past, every destrible nook and corner of the states we have named, will have been brought under cultivation.—What course does wisdom and an enlightened pulmuthropy dictate should then be pursued by our government toward the immigrant? It is, to give him the most direct and cheapest mode of transmit from the lakes to Minnesota and the vast and fertile country to the west of it. This the proposed railroad will do. Taking an almost direct course from Milwaukee to La Crosse, on the Mississippi, it would enable the immigrant to reach by means of vessels all the important points in the country above. It is thus that the boon of freedom may be extended to the down-trodden of Europe; thus that the countless millions of government fands may find purcharers. We hope to see this subject presented to Congress in its true light. Nothing else, in our opinion, is necessary to secure such a grant of land as shall render certain the timely construction of the road.—Waterloan Chronicle.

SAD ACCIDENT.—On Thursday evening, the 27th inst, a young man by the name of E. R. Kingslev, while attempting to cress the Lake St. Croix from this place to the opposite shore, broke they the ice and was drowned before assistance could reach him. When the accident occurred he was but a few rods from the opposite bank. His cries for help were heard from both shores. Mr. Win. H. Oliver promptly went to his rescue, but unfortunately too late to afford him any riid. He lived in Minnesota, in view of our village, and was an estimable and worthy member of society. His body was found on the 2nd inst.—St. Croix Ingarer.

To Brother Masons and Odd Fellows of the United States. Mr. George Lord, of Hardin county, Ohio, left home in the latter part of March last, to visit the West for the purpose of making an investment of six or seven thousand dollars in lands. He took up his abode at Mr. Morehead's, in Henry county, Iowa, for a time, and left there for Keokuk about the lest of June. At Keokuk, he sold his horse and put his buggy and trank on a boat and proceeded down the tiver, as he said, for Hamibal, since which time his friends have not heard from him. His wife is at present at the City Hotel, in this city, on her return home to Ohio, having cisited Iowa in quest of him, and obtained no other information respecting him than that above mentioned. Fears are entertained by his friends that he has been murdered, which is very probable, as he had, in addition to the above amount of money, a valuable gold watch.

His wife has documents with her certifying that he was a member of a Masonic Lodge in Richland county, Ohio, and was, also, an Odd Fellow in good standing in the same place; and she solicits the aid of all Brothers throughout the United States, in seeking him out, if living, and if dead, in ascertaining how he came to his death, and what has become of his effects.

Said Lord was a native of New York, was about five feet seven inches high, light hair, brown eyes; was a heavy made man, aged about fortytivo years.
